

ESE

TEXTILE SOURCING

Your Production Partner on Ground

Secure, Ethical and High-Quality Production Procurement

Who We Are

The Journey

Founded in 2023, ESE Textile Sourcing acts as a reliable bridge between global buyers and verified manufacturers. We simplify sourcing by delivering quality, transparency, and risk-free production management.

Our Mission

To provide dependable, high-quality textile solutions through rigorous vendor management and smooth supply chain coordination.

Our Vision

Revolutionizing global sourcing through transparency.

TEXTILE SOURCING

Why Choose ESE

Effortless Sourcing

End-to-end consolidation of multiple categories under one reliable channel.

Quality You Can Trust

Rigorous inspections ensuring consistency, durability, and excellence.

Experienced Professionals

Industry expertise guiding material selection to final delivery.

Tailored Services

Customized solutions for unique sourcing and production needs.

Sustainable Practices

Prioritizing responsible sourcing and ethical production.

Our Services

Detailed Service Workflow: Pre-Production

Market Analysis & Sourcing Research

- Locating suitable manufacturers across Pakistan.
- Factory assessment: Certifications, capability, cost structure, workmanship.
- Matching partners to technical specifications and price targets.

Product Design & Development

- Support from concept to commercialization.
- Practical designs, commercial color stories, and material selection.
- Encouraging sustainable and compliant raw materials.

Supplier Negotiation & Cost Optimization

- Direct negotiation for competitive pricing.
- Validation of cost breakdowns and benchmarking rates.
- Optimization of material utilization, order quantities, and packaging.

Detailed Service Workflow: Production & Support

Order Management & Production

- Inquiry review and technical clarification.
- Structured monitoring system and production follow-up.
- Material planning and timeline maintenance.

Quality Control & Logistics

- Preventive inline inspections from raw material to packing.
- Final inspections verifying measurement, workmanship, and labeling.
- Preparation and verification of export documentation.

Value-Add: Post-Shipment & Third-Party

- Post-Shipment: Handling feedback, modifications, and repeat orders.
- Third-Party Inspection: Independent verification (Pre-production, Inline, Final) using international AQL standards.
- Detailed defect classification reports.

Product Range: Yarns

Cotton Yarns

Ring Spun, Open-End (OE), Combed & Carded, Compact, Plied, Gassed, Supima Cotton, Giza Cotton, Core-Spun (CSY).
